About:

Personas

Felix is a Webdesigner for hire and he designs Websites for anyone that needs one. Since technology is moving very fast and more and more features are added to HTML and CSS. Felix would like to be kept UpToDate about the newest features. But he cannot seem to find a site which showcases all Media features of the different Technologies.

Name: Felix Kushberg

Job: Webdesigner

Goals

- Spend less time researching what different technologies have to offer
- See all the Media features of different Web technologies on one Website
